

P1-4 Curricular Newsletter Term 2

P1-4 are continuing on their topic of farming for the first few weeks of term 2. The children are learning about the different foods which are grown in Scotland. The children will increase their knowledge and understanding of foods which are grown in other countries. The children will find out what machinery is used in the farm.

The curricular outcomes being covered are as follows:

I can explore the latest technologies and consider the ways in which they have developed.

Having explored the variety of foods produced in Scotland, I can discuss the importance of different types of agriculture in the production of these foods

I enjoy eating a diversity of foods in a range of social situations

Jack and the Beanstalk - this will be a main curricular focus for this term.

The main curricular outcome being addressed by this activity is:

Participation in performances and presentations.

Numeracy- the information below is a broad overview and within each year group children will continue to be supported and challenged appropriately.
